EXHIBITOR OPPORTUNITIES

We are pleased to offer your organization an excellent opportunity to exhibit at two exciting conferences - the **6th Annual Growing the Margins: Rural Green Energy** and the **4th Annual Canadian Farm & Food Biogas** - that will take place March 5-7, 2012 at the London Convention Centre, in London, Ontario, Canada.

Both the **6th Annual Growing the Margins: Rural Green Energy Conference and Exhibition** and the **4th Annual Canadian Farm and Food Biogas Conference and Exhibition** will bring together a large and diverse number of livestock and field and horticulture crop farmers, greenhouse operators, food processors, technology and services providers, representatives of government at all levels, utilities, researchers, financial institutions and other interested stakeholders. The program will appeal to those who wish to better understand the social, economic and environmental benefits of expanding opportunities for farm and food sectors beyond traditional crop, meat and food production, to becoming suppliers and conservers of energy, and suppliers of new products.

While the two conferences have separate yet complementary technical programs, they share a common exhibition. This provides suppliers of technologies, processes and programs the opportunity to exhibit their solutions and reach even larger, combined target markets with interests and needs that align with their organization's goals.

Exhibits will be presented during the two conferences, on Monday and Tuesday, March 5-6th. Affiliated events, including the ever-popular Technology Tours, are presented Wednesday, March 7th (please see www.gtmconference.ca or www.biogasconference.ca for details.) It is anticipated that well in excess of 600 delegates from Canada, the United States and other countries will attend.

The GTM/Biogas joint exhibition grows year by year; there were over 50 exhibitors at the 2011 GTM/Biogas conferences. In addition to conference delegates, the 2012 GTM/Biogas exhibition will be free and open to all who wish to visit the displays.

SPONSORSHIP OPPORTUNITIES

A number of exciting opportunities exist for companies wishing to increase their profiles and exposure at this event. To discuss sponsorship opportunities please contact John McMullen at 905-465-3147 or by email at chair@gtmconference.ca
